#### **NORTHERN SOUTHEAST OUTSIDE SECTION LINGCOD SALMON TROLL BYCATCH CLOSURE ANNOUNCEMENT**

Sitka... The Alaska Department of Fish and Game announced today that retention of lingcod bycatch in the commercial salmon troll fishery will close in the entire Northern Southeast Outside (NSEO) Section at 11:59 p.m., Saturday, July 6, 2013. The 2013 lingcod guideline harvest level (GHL) for troll fisheries in the NSEO Section is 3,200 round pounds. Based on historic catch rates it is estimated that the GHL will be taken by the time of the closure.

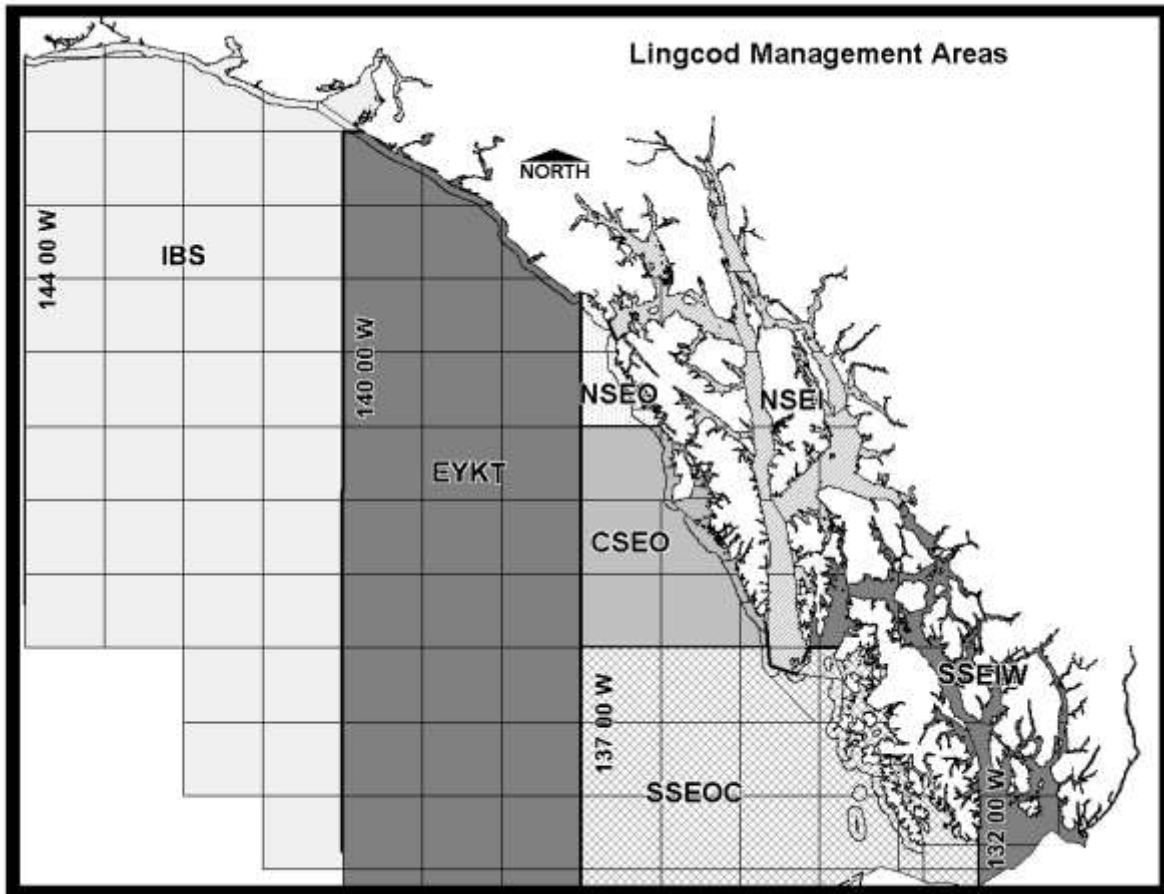

The lingcod bycatch season remains open in salmon troll fisheries in the Icy Bay Subdistrict (IBS), East Yakutat (EYKT) Section, Central Southeast Outside (CSEO) Section, Southern Southeast Outer Coast (SSEOC) Sector, Northern Southeast Inside (NSEI) Subdistrict, and Southern Southeast Internal Waters (SSEIW) Sector. Lingcod catch will be closely monitored and fishermen should expect additional area closures on short notice. Closure notices will be announced by news release and on the United States Coast Guard "Notice to Mariners" report and the National Weather Service marine broadcast.

Updates of area closures for all lingcod fisheries will be available on the Groundfish Hotline at 907-747-4882. For additional information on groundfish bycatch in the salmon troll fishery, refer to the news release issued on January 2, 2013.

The Emergency Order corresponding with this announcement is EO 1G1213.
